ACRO TOOL

MAXXTOOLS(SUZHOU)CORP.,LTD.

Maxxtools(Suzhou)corp. ltd was established in 2005, with nearly 20 years' experience of tools, hardware, householdware and so on in China . With years of experience, we have a meticulous and deeply understanding of requirements from different markets around the world and we also own more than 1000 reliable suppliers in China. Meanwhile, we have professional teams to support our daily operation,Sales team, R&D team, sourcing team, document team and QC team. We are sincerely working for clients with separated functions.

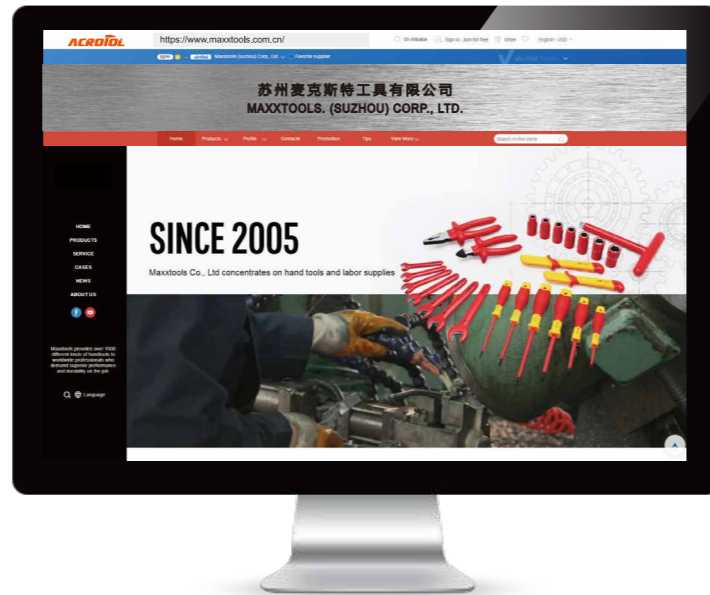

With the concept of “expanding wider variety, developing higher quality, and pursuing better service”, Maxxtools is looking for more new markets and eager to create value for more clients.

Look forward to your joining us.

4PCS DIAMOND-COATED SCREWDRIVER SET

- Material: bits: 6150CR-V
- Magnetic tip
- PP+TPR handle

DIAMOND-COATED

One of the greatest problems with screwdriver applications is that the conventional screwdriver easily slips out of the head of the screw (cam-out). This often destroys both the head of the screw and the tool. High resulting costs are incurred e.g. from damaged surfaces and screw connections that can no longer be loosened. Screwdriving will become safer and more economic if the problem of slipping can be solved.
